

**NORTHERN VIRGINIA  
REPUBLICAN BUSINESS FORUM**

**January 20<sup>th</sup> Booksigning with  
Reagan Campaign Biographer  
Craig Shirley**

**“1980 to 2012: When Change Means Something Good!”**

Barack Obama thought he was bringing in change. But Craig Shirley has studied politics and vents that created change – the kind of change that made the world better. Shirley is president and CEO of Shirley & Banister Public Affairs, an internationally recognized leader in marketing right-of-center thought and individuals. But he is also a bestselling author, having written *Reagan's Revolution: The Untold Story of the Campaign That Started It All* – a chronicle of Ronald Reagan's 1976 campaign, *Rendezvous With Destiny: Ronald Reagan and the Campaign That Changed America* -- the story of the 1980 presidential campaign, and *December 1941: 31 Days That Changed America and Saved the World* – the first-ever study of one of the most important months in the history of America.

Shirley's January 20 remarks (on the 30<sup>th</sup> Anniversary of Ronald Reagan's Inauguration) will focus on the Reagan campaign of 1980 – and why Barack Obama may be another Jimmy Carter ... if Republicans are smart enough to take advantage of it. You'll also have the opportunity to purchase Shirley's books (they make great gifts for Republicans and veterans!) A great speaker, a great breakfast, and two great books – one event you certainly won't want to miss!
